## Hospice Marlborough Post Care Survey

Hospice Marlborough provides a high-quality specialist palliative care service to meet the growing needs of our whole community, striving to ensure the preferences of our patients, their whānau and carers are catered to.

Our services are organised around the four pillars of palliative care: physical, emotional, spiritual, and social.

In providing the support and caring attention needed, we also aim to reduce the chances of any unexpected problems happening while you are under our care, which is also part of our duty of care: legally, morally, and ethically.

Our dedication to obtaining feedback specifically from patients, their whānau and their carers on their experiences with us, helps us to improve our services and to meet the changing needs of our community.
